

# HUMANAE VITAE:

*The Prophetic Voice of Blessed Paul VI  
50 Years Later*

**50 YEARS AGO** Blessed Paul VI prophesied to the world that marriages and the society would suffer if the use of contraception became widespread. He said that infidelity, moral decline, loss of respect for women and abuse of power by governments would increase exponentially.

Today, the vast majority of women in the western world use some form of contraception. In developing countries, the West engages in oppressive financial and political pressure to comply with abortion on demand, contraception, sterilization and more.

This conference will highlight the fulfillment of these prophecies in the world today and offer a reflection as to how selflessness, love, self - mastery and moral responsibility can reverse this trend.
